

POLICY: 501.10

PREGNANT AND MARRIED STUDENTS

Marital, maternal, or paternal status shall not affect the right and privilege of a student to receive a public education or to participate in extracurricular activities.

Pregnant students shall be permitted to continue their education when school attendance has the sanction of a physician. The physician's approval must be on file at the school. Administration, upon request, is authorized to make special arrangements for the education of pregnant students based on their special needs.
