

POLICY: 502.4

STUDENT ORGANIZATIONS

Student organizations that are school-sponsored shall have Board approval and operate within the framework of the law, Board policies, administrative rules, and within expectations of the education program. Student organizations shall contribute to student learning and the learning environment. Establishment and operation of a school-sponsored student organization shall be facilitated by District staff and may receive District resources for its use. The Superintendent or his/her designee shall insure that general guidelines exist for the operation of student organizations.
