

POLICY: 502.3

STUDENTS AS VOLUNTEERS

Student volunteers, identified for providing service to schools and the community, are to be encouraged by District personnel. A student volunteer must be capable of carrying out such service without endangering his/her academic achievement. Student volunteers shall continue to achieve at high levels, maintain regular attendance in school, and remember that volunteering is secondary to the primary goal of their class learning.

A guidance counselor and the Principal shall be contacted before a student is sought for providing volunteer help.
