

POLICY: 503.8

STUDENT USE OF ELECTRONIC COMMUNICATION DEVICES

The purpose of this policy is to promote the responsible use of cell phones and other communication devices in an appropriate manner while maintaining a productive learning environment.

Student use of any type of electronic paging or communication device during instructional time is prohibited. The Principal/Superintendent or his/her designee may determine if it is necessary to permit a deviation from this policy. Guidelines for use may vary depending on age groups. Building handbooks will reflect expectations and consequences.
