

POLICY: 603.5

FIELD TRIPS

Field trips shall serve as a significant educational experience for students. They are an extension of the classroom and shall be a functional part of the total learning experience. Field trip experiences will be organized to enhance instruction aligned with the standards and benchmarks of the content area. Students are to be prepared in advance of a field trip as to the purpose(s) and tasks to be completed while on the trip.

Board approval will be required for field trips outside the state.
