

POLICY: 800.15

PARKING LOTS ON DISTRICT PROPERTY

Parking lots on District property are for use only by those persons having specific school-related needs (e.g., attend school, visit classrooms, attend athletic events) or those persons who have received District permission to park in a parking lot. The parking lots shall not be available for non-school-related reasons (e.g., off-street parking space, people congregating to interact). Signs may be posted in the parking lots which describes the District's rules/expectations.

The Board may also impose penalties for violation of the rules. If the Board imposes penalties, it will provide prior notice of prohibited behaviors/violations, identify the potential penalties, and provide an opportunity for an administrative hearing when the imposition of a penalty occurs. The Board may also contract with the City or the County to enforce the rules by enacting an ordinance.
