

DISPOSITION OF OBSOLETE EQUIPMENT

School property, such as equipment, furnishings, or supplies (hereinafter equipment), will be disposed of when it is determined to be of no further use to the school district. It is the objective of the school district in disposing of the equipment to achieve the best available price or most economical disposal.

Obsolete equipment or property other than real property having a value of no more than \$25,000 may be sold or disposed of in a manner determined by the board. A single piece of equipment having an estimated value between \$10 and \$5,000 will be sold at a public sale. However, the sale or disposition of equipment, furnishings or supplies disposed of in this manner will be published in a newspaper of general circulation. Equipment or material determined to have an estimated value less than \$10 may be discarded, recycled, or sent to auction as determined by the Executive Director of Financial Services or designee.

A public hearing will be held regarding the disposal of the equipment with a value of \$5,000 or more prior to the board's final decision. The board will adopt a resolution announcing the proposed sale or disposition and will publish notice of the time and place of the public hearing and the description of the property will be in the resolution. Notice of the public hearing will be published at least once, but not less than 10 days and not more than 20 days, prior to the hearing date unless otherwise required by law. Upon completion of the public hearing, the board may dispose of the equipment.

It is the responsibility of the superintendent to make a recommendation to the board regarding the method for disposing of equipment of no further use to the school district.
